

SYED UMER TASSAWER

Web Developer | Full-Stack Development & AI Automation

Islamabad, Pakistan | +92 317 7875983 | umertassawer594@gmail.com | linkedin.com/in/syed-umer-tassawer-0aab072b9

PROFESSIONAL SUMMARY

Software Engineer focused on full-stack web development and AI-assisted automation, with over a year of hands-on experience building and shipping production websites and internal systems. Comfortable owning a project end-to-end — from requirements to deployment — using React.js, Next.js, Node.js, and PostgreSQL, while applying AI tools to speed up development. Also experienced in coordinating IT and operational tasks within a team environment.

TECHNICAL SKILLS

Frontend: React.js, Next.js, JavaScript, HTML5, CSS3

Backend & Database: Node.js, REST APIs, PostgreSQL

AI & Automation: AI-assisted development, workflow automation, prompt-driven tooling

Other: Git/GitHub, Web Deployment, IT Coordination & Technical Support

PROFESSIONAL EXPERIENCE

IT Coordinator & Web Developer

Sep 2025 – Present

PRIZE – Policy Research Initiative for Zakat Based Interest-Free Economy, Islamabad

- Own the organization's web presence end-to-end — designed, built, and continue to maintain its official website using React.js and Next.js.
- Independently delivered two additional production systems (detailed under Key Projects below), taking each from requirements through deployment.
- Apply AI-assisted development tools and automation to speed up delivery and reduce manual effort across projects.
- Coordinate day-to-day IT support and administrative operations for the organization alongside development work.

KEY PROJECTS

PRIZE Official Website

React.js, Next.js — Designed and built the organization's public website, improving its online presentation and content management.

Book Inventory Management System

Node.js, PostgreSQL — Built an internal system to digitize and manage book records, replacing manual, paper-based tracking.

E-Commerce Website (Client Project)

React.js, Node.js, PostgreSQL — Delivered a complete e-commerce website for an external client, from requirements gathering to deployment.

EDUCATION
